ABOUT US

At Sakror Gloves, we believe that elegance and comfort should go hand in hand. Our passion for crafting high-quality gloves stems from a dedication to merging exquisite design with unparalleled functionality. Step into a world where every stitch is a testament to our commitment to excellence.

Explore our diverse range of glove collections, meticulously curated to suit every style and occasion. From sophisticated leather gloves for formal events to cozy knit gloves for casual outings, Sakror Gloves offers a variety of options to complement your wardrobe.

Each pair of Sakror Gloves is a masterpiece crafted with precision and care. Our skilled artisans employ time-honored techniques and premium materials to ensure superior quality and durability. Experience the luxury of gloves that not only look exquisite but also feel incredibly comfortable.

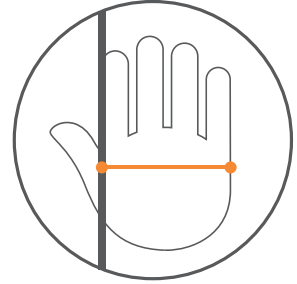

Gloves

A proper fit is extremely important. An uncomfortable fit causes hand fatigue and ultimately could lead to a potential workplace hazard.

Measure the width of your hand one inch below the base of your first finger and across your knuckles.

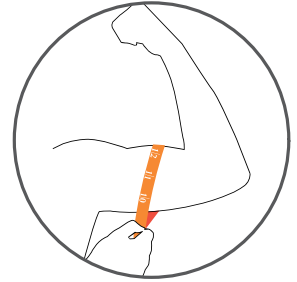

| | | | |
|---------|-------------------|----------|---------------------|
| 5 / 2XS | 2.75 inches / 68 | 9 / L | 4 inches / 105 mm |
| 6 / XS | mm 3 inches / 76 | 10 / XL | 4.5 inches / 113 mm |
| 7 / S | mm 3.25 inches / | 11 / 2XL | 4.75 inches / 123 |
| 8 / M | 84 mm 3.75 inches | 12 / 3XL | mm 5.25 inches / |
| | / 94 mm | | 134 mm |

Sleeves

To find the best fit, measure the circumference of your bicep and choose corresponding sleeve size according to the chart below.

| | | | |
|-----|-----------------------|-----|----------------------|
| 2XS | 9.75 inches / 250 mm | L | 11.5 inches / 295 mm |
| XS | 10.25 inches / 260 mm | XL | 12.25 inches / 310 |
| S | 10.5 inches / 270 mm | 2XL | mm 12.75 inches / |
| M | 11 inches / 280 mm | | 325 mm |

Sleeves are available in multiple lengths.

For a more natural fit, sleeves come in a tapered version which provide better comfort and staying power. Tapered sleeves are designed to fit the contours of your arm and won't lose shape due to stretching.

(Tapered)

(Tubular)

Quick Fit Tips

A good fit is important for comfort and protection. Our measurements offer a starting point, but personal preference is key.

Clothing should fit comfortably without excessive bunching when moving. It shouldn't be too loose or too tight as that can effect the safety performance.

Cleaning Instructions

Acrylic

Wash in cold water (85°F / 30°C) | Tumble dry low heat | Safe to bleach

Chemical

Rinse in water and mild detergent | Reverse to dry inner liner

Cot ton

Wash in cold water (85°F / 30°C) | Tumble dry low heat | Safe to bleach

Leather

Dry-clean | Do not bleach

MetaActiv™

Wash in hot water (170°F / 75°C) | Tumble dry high heat | Do not bleach

Nylon

Wash in warm water (105°F / 40°C) | Tumble dry low heat | Safe to bleach

ParaActiv™

Wash in hot water (170°F / 75°C) | Tumble dry high heat | Do not bleach

Polyester

Wash in warm water (105°F / 40°C) | Tumble dry low heat | Safe to bleach

TenActiv™

Wash in cold water (85°F / 30°C) | Tumble dry low heat | Safe to bleach

Wool

Wash in warm water (105°F / 40°C) | Tumble dry low heat | Safe to bleach

Mixed materials

For safety gloves with mixed materials, give preference and accommodate for the following:

- Do not use high heat for thermoplastic materials like HPPE, nylon, and polyester
- Do not use bleach or high heat for gloves with hypodermic puncture protection
- Dry clean gloves with leather

Palm coated

Disregard palm coating | Follow the cleaning instructions for other materials the glove contains
